Title: REACTOR FOR PREPARING HYDROGEN COMPOUNDS

(November 12 and 13, 2005 = Weekend) November 14, 2005

**RESPONSE TO FINAL OFFICE ACTION MAILED MAY 12, 2005  
AND NOTICE OF APPEAL**

Commissioner of Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

Applicant files this in response to the Final Office Action mailed May 12, 2005. Please also consider this paper as a Petition for a three-month extension of time and Notice of Appeal.

Claims 1-326 are pending in the application.

Submitted with this response is new, non-cumulative scientific evidence further demonstrating the existence of lower energy states of hydrogen in a number of different ways, including, but not limited to, studies of spectroscopic lines, energy output, compositions of matter, generated plasmas, and inverted hydrogen populations. As detailed below, Applicant also identifies independent third-party data pursuant to the PTO's agreement, which evidence resulted in verbal confirmation by Examiner Wayne Langel that two BlackLight applications formally handled by him were allowable before he was told to misrepresent that fact and, thus, was forced to resign from examining those cases "for moral and ethical reasons."
